Josephine, I wrote a little tune for you.
Just to put it that melodic way,
Not long ago, we can hear the music here.

Back then, right at the start where it all began.
I combined some chords for you, not long ago, we can hear 'm here.

And I hoped for your resonance + what I got is your resonance.
How could it stop? We just headed all the way up to our lovely love.
Dajadawahhhhdidi, Josephine.

It's delightful, more than 1000 thoughts full of pleasure.
It's enjoyment, too, to be with you in body + soul.

Listen, you are my sun + you are my moon.
You are a whole world to me,
That shouldn't be bound to fall apart due to mistake + error, no.

And I hoped for your resonance + what I got is your resonance.
How could it stop? Being so close to you is luck.
Dajadawahhhhdidi, Josephine.

You're surrounded by a dazzling light. My dearest Josephine.
I trust you + hope, you don't ever let me down, as I would assure the other way around over +
+ over + over again.

We give each other good resonance. That's what I appreciate so much. Uh!
To relinquish (you) would be the hardest thing to learn.

You beautiful heroine, always telling me your truth about what's going on.
You say: `Dishonesty is worst`. Right, so am I.

Treat your treasure soft as possible. [No lies!] Treat, treat your treasure soft as possible.
Josephine, stunning sunshine queen.

[on]to our peak of love.
Dajadawahhhhdidi, we got what it takes, ya.

All kinds of love-spirits, they fulfill me so. Many thanks to Josephine and to you love-spirits.
You are surrounded by a dazzling light - (my) lovely sweetheart you.
Treat your treasure soft as possible. Treat your treasure soft as possible. Treat, treat, treat your
treasure soft as possible. Like Josephine treats me, my sunshine queen.
